

*There is no better way to channel inspiration than to immerse yourself in a NEW landscape.*

Come absorb the beauty of Italy with me for a week of needle felting tutorials and “la dolce vita” of shared creative experiences in the foothills of Tuscany.

# Needle Felted Landscapes in Italy

## Artist Workshop + Retreat with Jaana Mattson

This All-Inclusive 8-Day Workshop is just a 2-hour drive north of Rome at the intersection of Lazio, Umbria and Tuscany, adjacent to the picture-book village of Farnese, Italy. Parts of the country house where we will work and stay date back to the 17th Century, with the 1400 sq. ft studio in a converted granary.

This retreat includes demonstrations, lectures, time in the landscape and projects, with a full day of leisure in the middle of the week. All materials are supplied for you. Accommodations at the villa include continental breakfast with a full lunch and dinner of regional food and wine prepared by our own local cook. In addition to studio and class time, there will be opportunities each day to explore the surroundings with trips to nearby villages, lakes or hot springs in northern Lazio, Tuscany and Umbria.
